Módulos **MAX** gama

Módulo
GRIS GU MAX

Besteiro®

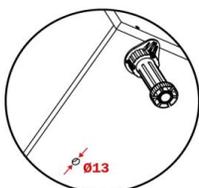

Módulo
MAX BLANCO POLAR

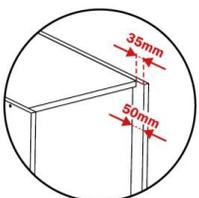

Mecanizado para colgador oculto

**Colgadores no incluidos*

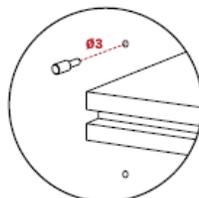

Válida aleta de 40/50 mm

**Patas no incluidas*

Hueco posterior con espacio para enchufes, tuberías y ventilación

Mecanizados discretos

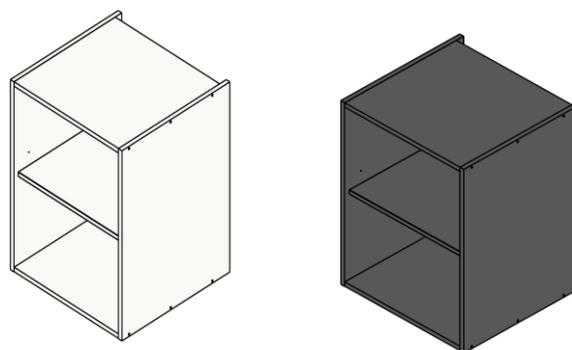

Baldas antivuelco con herraje oculto

Fabricado con soporte hidrofugo de **19 mm**, se obtiene un módulo más robusto y un excelente comportamiento en ambientes húmedos. Esta calidad de tablero ofrece un extra en términos de anclaje de herrajes y flexión.

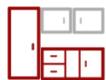

El recubrimiento de melamina permite una fácil limpieza, resistencia al rayado y una superficie antibacteriana.

Los cantos van recubiertos con ABS, con un diseño muy cuidado con micro taladros y baldas con fijaciones invisibles.

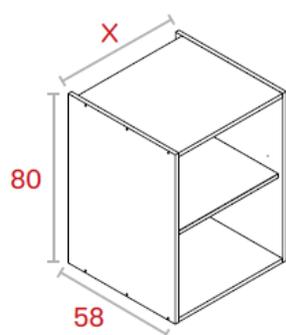

Diseños disponibles:
blanco polar soft y gris gu soft
